Illinois Cash Farm Lease

To use this lease form: Complete two identical copies – one for the Lessor (Landowner) and one for the Lessee (Tenant). Cross out any provisions that are not to become a part of the contract and add any additional provisions that are desired. If preparing the lease manually, use ink or typewriter; however, the web-based lease form can be filled in on-line before printing. This lease form is available on the farmdoc website at http://www.farmdoc.uiuc.edu/legal/farm_lease_forms_abs.html. Additional leasing information can be found in the Leasing Fact Sheets prepared by University of Illinois Farm Business Management Educators located at http://www.farmdoc.uiuc.edu/manage/leasing_fact_sheets.html. **Note: A lease creates and alters legal rights; thus, Landowners and Tenants may want to discuss specific lease provisions with their respective legal advisors.**

Date and names of parties. This lease is entered into on _		, 20	, between:
Lessor(s) (Insert Landowner's exact name):			
whose mailing address is			
	and		
Lessee(s) (Insert Tenant's exact name):			
whose mailing address is			
and whose Social Security Number or Employer Identification Nu			
, , ,			
The parties to this lease agree to the following pro	ovisions.		
Section 1. Description o	f Rented L	and and Le	ngth of Tenure
A. Description of Land. The Landowner (Lessor) rents and le	•		
following real estate located in the County of	and the State	of	, and described as follows:
commonly know as the	farm and co	onsisting of approximat	elyacres, together with all
buildings and improvements thereon belonging to the Lessor, exce	ept		
B. Length of tenure. The term of this lease shall be from	, 20_	, to	, 20, and the Lessee shall surrence
possession at the end of this term or at the end of any extension th	ereof. Extensions mu	st be in writing and atta	ached to this lease, and both parties agree t
failure to execute an extension at leastmonths before the	he end of the current	term shall be constructi	ve notice of intent to allow the lease to ex
Section 2. Fixed Cas	h Pont (W	ith Ontion f	or Indovina)
Section 2. Tixeu Cas	on Kent (w	itii Optioii i	or muexing)
Tenant agrees to pay Landowner an annual fixed cash rent as iden adjusted as described in the option for the years following the first		er, if the "option for ind	exing" is also completed, the rent shall be
Fixed Rent: The annual cash rent shall be the sum of \$		This represents	acres of cropland at \$
per acre, plusacres of			
acres ofat \$	per acre, plus		
Option for Indexing: After the first year, the annual cash rent for	•		
the first year as follows:			

CAUTION: "Flexible Rent" may cause a lease to be treated like a "share lease" under federal regulations (e.g., 7 CFR 1412.504) stating how \square government agricultural program payments can be divided between landlord and tenant. Consult with your legal advisor.

Section 2 (Alternate). Flexible Rent Using Option I, II, or III

Note: Strike either Section 2 or Section 2 (Alternate). The cash rent can be flexible and change each crop year. A base rent can be established and adjusted

Crop(s)	Base cash rent (per acre)	Base yield (bu or ton/ac		Base price (per bu or per ton)	Min. cash rent (per acre)	Max. cash re (per acre)
	\$	\$	\$		\$	\$
	\$	\$	\$		\$	<u> </u>
	<u> </u>	\$	<u> </u>		\$	<u> </u>
		ψ			ψ	<u> </u>
he current price for the c	current year shall be the	he average price at clo	ose of day ba	sed on the following ti	me period(s) and location	ns(s):
Crop(s)						Price source
	Day	Month	through _	Day	Month	at
		Month			Month	
	-	Month		Day		
For each lease year, th	e per-acre base cash	rent for each crop sha	III be adjusted	at the close of the cro	opping season by one of the	he following methods:
PTION I – FLEXING F	OR PRICE ONLY

To generally follow Natural Resource Conservation Service and Farm Service Agency recommendations and to maintain all other requirements necessary to qualify current and future farm operators to participate in federal farm programs.

- **B.** Activities restricted. The Tenant further agrees, unless the written consent of the Lessor has been obtained:
 - Not to assign this lease to any person or persons or sublet any part of the premises herein leased.
 - Not to erect or permit to be erected any structure or building or to incur any expense to the Lessor for such purposes.
 - Not to add electrical wiring, plumbing, or heating to any building. (If consent is given such additions must meet standards and requirements of power and insurance companies.)
 - 4. Not to plow permanent pasture or meadowland.
 - Not to allow any stock on any tillable land except by annual agreement.
 - Not to burn or remove cornstalks, straw, or other crop residues grown upon the farm.
 - 7. Not to cut live trees for sale purposes or personal uses.

E. End of lease reimbursements. At the end of this lease, the Lessor

agrees to reimburse the Tenant:

- 8. Not to erect or permit to be erected any commercial advertising signs on the farm, other than seed variety signs.
- Not to enter into any agreement, contract, or other farming or business arrangement that alters rights in the Lessor's security interest, right of entry, default or possession.

Section 6. Default, Possession, Landlord's Lien, Right of Entry, Mineral Rights, Liability, Extent of Agreement

The Lessor and Tenant agree to the following provisions. (Strike out any not desired.)

- **A. Termination upon default.** If either party fails to carry out substantially the terms of this lease in due and proper time, the lease may be terminated by the other party by serving a written notice citing the instance(s) of default and specifying a termination date of _____ days from the date of such notice. Settlement shall then be made in accordance with the provisions of Clause B of this section, the reimbursement agreements of Section 5, and any amendments to this lease.
- **B. Yielding possession.** The Tenant agrees at the expiration or termination of this lease to yield possession of the premises to the Lessor without further demand or notice, in as good order and condition as when they were entered upon by the Tenant, loss by fire, flood, or tornado, and ordinary wear excepted. If the Tenant fails to yield possession, the Tenant shall pay to the Lessor a penalty of \$_____ per day or the statutory double rent, whichever is less, for each day the Tenant remains in possession thereafter, in addition to any damages caused by the Tenant to the Lessor's land or improvements, and said payments shall not entitle the Tenant to any interest of any kind or character in or on the premises.
- **C. Landlord's lien.** The Landlord's lien provided by statute on crops grown or growing, together with any other security agreement(s) created by Tenant in favor of Landlord, shall be the security for the rent herein specified and for the faithful performance of the terms of the lease. The Tenant shall provide the Lessor with the names of persons to whom the Tenant intends to sell crops grown on these premises at least 30 days prior to the sale of such crops. A lesser period may be allowed by mutual written agreement. Tenant consents to any filing required by law to perfect the statutory landlord's lien upon crops. If the Tenant fails to pay the rent due or fails to keep any of the agreements of this lease, all costs and attorney fees of the Lessor in enforcing collection or performance shall be added to and become a part of the obligations payable by the Tenant.

- **D. Landowner's right of entry.** The Lessor reserves the right personally or by agents, employees, or assigns to enter upon the premises at any reasonable time to view them, to work or make repairs or improvements thereon, to care for and dispose of the Lessor's share of crops, to develop mineral resources as provided in Clause E below, or, after constructive notice has been given that the lease may not be extended, and following severance of crops, to plow and prepare a seed bed, apply fertilizers, and any other operation necessary to good farming by the succeeding operator, these operations not to interfere with the Tenant in carrying out the regular farming operations.
- **E. Mineral rights**. Nothing in this lease shall confer upon the Tenant any right to minerals underlying the land. Such mineral rights are hereby reserved by the Lessor together with the full right to enter upon the premises and to bore, search, excavate, work, and remove the minerals, to deposit excavated rubbish, to pass over the premises with vehicles, and to lay down and work any railroad track or tracks, tank, pipelines, power lines, and structures as may be necessary or convenient for the above purpose. The Lessor agrees to reimburse the Tenant for any actual damage the Tenant may suffer for crops destroyed by these activities and to release the Tenant from obligation to continue farming this property when development of mineral resources interferes materially with the Tenant's opportunity to make a satisfactory return.
- **F. Landowner liability.** The Tenant takes possession of the leased premises subject to the hazards of operating a farm, and assumes all risk of accidents personally as well as for family, employees, or agents in pursuance of farming operations, or in performing repairs on buildings, fences, tile, and other improvements.
- **G. Binding on heirs, etc.** The terms of this lease shall be binding on the heirs, executors, administrators, and assigns of both Lessor and Tenant in like manner as upon the original parties.

Section 7. Additional Lease Provisions

Signatures of parties to lease:		
	Landowner	Date
	Landowner	Date
Ву	<u>Agent</u>	Date

	Tenant	Date

Amendments and Extensions to the Lease

(Must be completed manually/cannot be completed on-line)

Amendments, alterations, and extensions to this lease may be made in writing in the space below at any time by mutual agreement. The written amendments should be noted on both the Landlord's and Tenant's copies of the lease (complete and sign two identical copies). If the parties fail to agree on a proposed alteration, the existing provisions of the lease shall control operations.

A. Improvements made by the Tenant at the Tenant's own expense. When the Lessor and Tenant agree that the Tenant may make all or part of an improvement (such as buildings, additions to buildings, major repairs, fences, bathrooms, water systems, etc.) to the farm at the Tenant's own expense and that the Tenant is to be reimbursed for any costs remaining at the end of the lease, the necessary information shall be recorded in one of the following blanks and, after being duly signed by both parties, it shall become a part of the lease above and obligate the Lessor and his or her heirs and assigns to make such reimbursement. Such improvements become the Lessor's property upon completion of the form below. The Lessor thereby assumes the responsibility for property taxes, insurance coverage, and risk of loss.

Description and location of the improvement	Tenant's net cost	Annual rate of depreciation (percent)	Date depreciation begins	Signatures and Date Signed
